

Y-12ERS AIM AT ANOTHER CHEST 'FIRST'

HERE IS THE Y-12 COMMITTEE THAT WILL COORDINATE THE 1953 OAK RIDGE COMMUNITY CHEST campaign in the plant. From left around the table are Joe L. Williams, Nelson Tibbatts, Pat Ridge, LeRoy Thornton, Kyle Reed, C. W. McCollum, J. D. Bowers, P. C. Pennington, W. S. Herron, J. V. Ledbetter and Chairman Roger Hibbs.

Plant Is Ready For Drive Opening On Monday With Goal Set At \$9,000

15 Red Feather Agencies To Share in \$59,000 Being Sought Of Generous Ridgers This Year

Plans are being perfected this week for the Y-12 Plant's participation in the 1953 fund-raising campaign of the Oak Ridge Community Chest. Pledge and payroll deduction cards as well as literature on Chest objectives and activities of its agencies are being distributed to members of the Plant Campaign Committee, who will be ready to launch the plant drive bright and early Monday morning. The Y-12 Plant Campaign Committee this year is headed by Roger F. Hibbs, Laboratory Division Head, and is composed of Y-12ers from every division and section of the plant.

At the committee organizational meeting last week, Chairman Hibbs explained the details of the campaign and pointed out that for the past five years the Y-12 Plant has been the first group of its classification in Oak Ridge to meet its goal in the annual Chest appeal.

Prompt, Generous Gifts Urged
"I sincerely hope that we can be the first again to meet our goal," the chairman said, "and we can easily do it with a generous and prompt answer to the appeal of the Chest for its deserving red feather agencies."

In the 1952 Chest campaign fund Y-12ers contributed \$9,315.23, a mark of 103 per cent of the plant objective of \$9,000. Industrial Relations Superintendent George W. Flack was chairman of the campaign last year.

\$9,000 Goal Is Same
The 1953 goal of the Oak Ridge Community Chest is \$59,000 with the Y-12 Plant being assigned a quota of \$9,000, the same as last year.

A total of 15 agencies and projects are assisted by the Community Chest. They include the United Defense Fund, a newcomer to the list of red feather agencies; Campfire Girls, East Tennessee Heart Association, Boy Scouts, Girl Scouts, Grove Nursery School, Cerebral Palsy Center, Crippled Children's Association, Dental Health Council, American Hearing Society, school bus fares, school lunch program, Mental Health Society, Travelers Aid and

Give Gladly

Here Is How Chest Funds Are Allocated

For information of Y-12ers, 97 per cent of whom contributed to the Oak Ridge Community Chest last year, here is how the Chest budget committee is allocating funds from this year's drive:

Campfire Girls	\$ 3,935.00
Cerebral Palsy Center	10,000.00
Crippled Children	2,000.00
Dental Health Council	5,490.00
Amer. Hearing Society	28.00
E. Tenn. Heart Ass'n	1,100.00
Boy Scouts	10,400.00
Scarboro Day Care	2,735.50
Girl Scouts	11,735.00
School Bus Fares	500.00
School Lunch Program	7,500.00
Nursery School	1,600.00
Mental Health Society	140.00
Travelers' Aid Society	41.00
United Defense Fund	2,500.00

In addition to these funds, the local Community Chest will give \$152 to the National Community Chest. Local Chest administration costs are set at a low \$2,500.

The total budget is \$62,354.50 but Oak Ridge Community Chest directors voted to allocate \$3,354 from the Chest reserve to bring the figure to the \$59,000 goal.

The 1953 Chest goal of \$59,000 is 4.5 per cent over the 1952 quota of \$55,889. Last year generous Oak Ridgers contributed \$56,477.49 to the movement, going "over the top" in the drive.

FLOWERS AID ORE SEARCH

Helen L. Cannon, of the U. S. Geological Survey, has described in the American Journal of Science, how recognition of uranium flowers, lillies and mustards, may be of help in locating uranium deposits.

Safety Glasses And Shoes Save Y-12ers From Injuries

Proper use of protective equipment again has paid dividends to two Y-12ers involved in recent "near accidents" in which safety glasses and safety shoes saved the employees from probable serious and painful injuries.

In the mishap involving the safety glasses a machinist was saved from what might have been a serious eye injury when the right lens of the glasses stopped a hot chip from striking his face. The lens was badly cracked but held fast under the blow.

Casting Rested On Foot

In the other incident, the Safety Department reports as follows:

"A group was weighing some castings in preparation for inventory and it was necessary to lift the castings with a high-lift dollie. The group had a heavy casting, weighing 686 pounds, off the floor and was letting it down when an employee helping in the operation did not move his foot back far enough. The entire weight of the casting and the platform on which it was sitting came down on the employee's foot. Luckily, he had on safety shoes that prevented him from suffering a crushed foot."

Clark E. Center

Michigan Faculty Presents Citation To Clark Center

Clark E. Center, Vice President of Carbide and Carbon Chemicals Company, recently received a citation from the faculty of the University of Michigan College of Engineering. The citation was in recognition of outstanding achievements and contributions to the field of engineering by the Carbide Vice President, who is an alumnus of the university.

In the official notice of the citation, Dean George Brown, of the University of Michigan faculty, said:

"Your career and accomplishments have been brought to the attention of the faculty. We wish to recognize your service to your profession and your fellow men in the form of the citation enclosed. We hope you will honor your alma mater by accepting this citation as a living representative of the Michigan spirit and of the thousands of Michigan engineers."

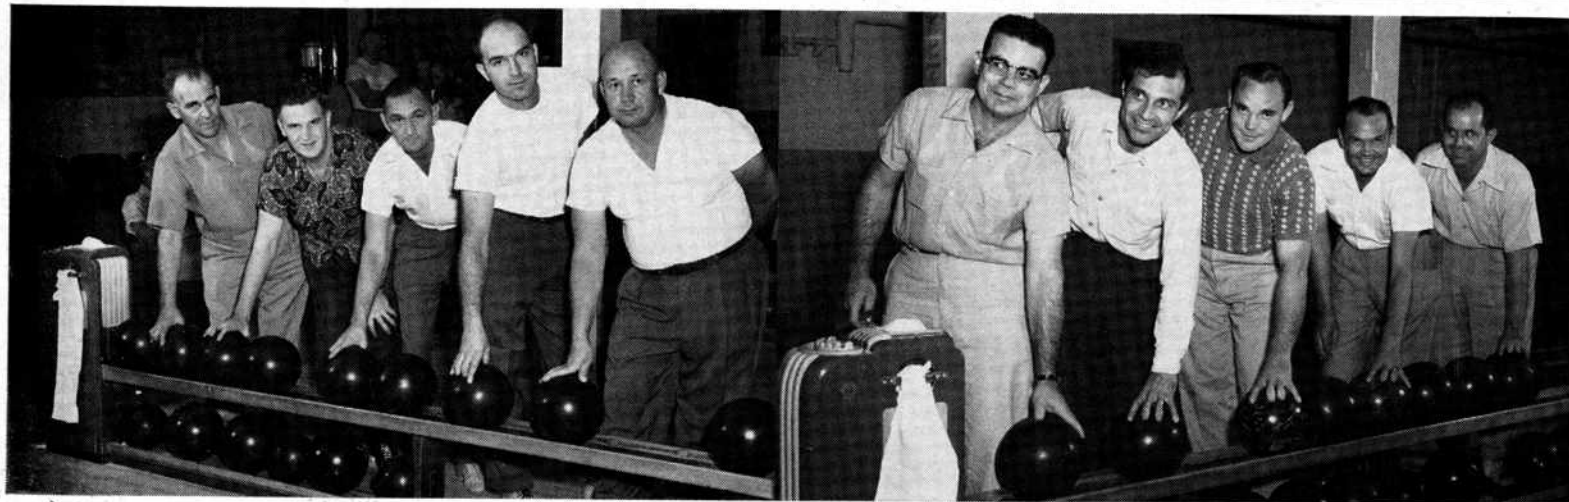

U. S. FIRE LOSSES UP

The estimated fire losses in the United States during June, 1953, amounted to \$67,644,000. This is an increase of 15.5 per cent over the losses of \$58,585 reported for June, 1952, and 5.3 per cent over losses of \$64,239,000 in May, 1953.

DR. JAMES G. DAVIDSON, THIRD FROM LEFT, PRESIDENT OF CARBIDE AND CARBON Chemicals Company, was a visitor to the Y-12 Plant Area last week with other high Company officials. Others, from left are A. P. Huber, K-25 Plant Superintendent; Logan B. Emlet, Y-12 Plant Superintendent; Clark E. Center, Vice President of Carbide in charge of Atomic Energy Operations; Dr. C. E. Larson, Director of the Oak Ridge National Laboratory; and W. B. Humes, Superintendent of Production for Carbide in its Oak Ridge operations. Dr. Davidson inspected projects in the Y-12 Plant Area and the party had lunch at the Y-12 Cafeteria.

Talent isn't the only thing a girl shows to get on television.

SHOWN ABOVE ARE TWO SHARP BOWLING TEAMS IN the D League. At left are the Orphans, from left being Al Sawyer, George Schierbaum, Avery Kendig, Clyde Smith and George

Riddle. The Sooners are at right, bowlers being Kenneth Prewitt, Charley Peterson, Ralph Graham, Ulias Oxford and J. D. Davis. The Orphans forged to first place last week.

Last Y-12 Fishing Rodeo Closes Sunday; Returns Must Be In By Noon Following Day

The third and final Y-12 Fishing Rodeo of the season will come to a close at midnight, next Sunday, October 18. Fish caught on October 18 will be eligible for entrance into the final rodeo. The third rodeo attracted approximately 125 plant anglers and the judges are expecting to see several nice catches turned in.

All entries must be returned to the Y-12 Recreation Office, North Portal, not later than noon on next Monday, October 19. The judges for the event, Avery Kendig, Russell Hopper and Evan Means, will select the winners in

Rides Wanted, Offered

Riders Wanted — From West Knoxville via Western Ave., straight day. T. A. Troutman, plant telephone 7639, home telephone 7-5184, Knoxville.

Ride Wanted — From vicinity Louisville and Nashville Railroad station, Knoxville, straight day. B. S. Mann, plant telephone 7351.

Two Riders Wanted Or Will Join Car Pool — From Woodbine Ave., Knoxville, straight day. Dora Whaley, plant telephone 7251, home telephone 4-5448, Knoxville.

Ride Wanted — From intersection of Taylor and Tabor Roads. Oak Ridge, to West Portal, rotating shift, Group No. 3, Monday through Friday. D. B. Samuel, home telephone 5-6274, Oak Ridge.

Ride Wanted — From McSpadden Way, East Knoxville, to North Portal, straight day. Irene Reed, plant telephone 7943, home telephone 5-3733, Knoxville.

Ride Wanted — From Garden Apt. area, Oak Ridge, to North Portal, straight day. Virginia Perkins, plant telephone 7363, home telephone 5-6605, Oak Ridge.

Three Riders Wanted — From Avondale Ave. through Lonsdale section of Knoxville, straight day. G. A. Kirk, plant telephone 7993, home telephone 5-5224, Knoxville.

Four Riders Wanted — From South Clinton or Clinton, straight day. O. B. Harness, plant telephone 7391, home telephone 427-R, Clinton.

Want To Participate In Car Pool — From Burlington or Park City section of Knoxville to East Portal, straight day. Thomas Keane, plant telephone 7931, home telephone, 3-7716, Knoxville.

Interesting Safety Jingle Contributed To The Bulletin

Here is an interesting little jingle on the subject of safety that was recently contributed to The Bulletin by H. L. Gary, of Maintenance Shops, the author.

Safety First and never late
A-lways safe and up to date
F-ollow the rules and you will win
E-even though you just began.
T-ake the time and do it right,
Y-ou're a better man in every-one's sight.

Remember — Only you can
PREVENT FOREST FIRES!

Y-12 SPORTS

HERE IS A LIKELY CANDIDATE for honors in the Y-12 year around fishing contest. The fine smallmouth bass was taken from Ft. Loudoun Lake recently by J. R. Bearden, Jr., ADP Maintenance, using Shakespeare spinning rod and reel and a six-pound test line of same make. The bait was a live minnow.

the various classes, all of whom will receive awards for their prize catches.

All fish caught during the rodeo are eligible for entry in the annual Y-12 Fishing Contest which closes December 31.

Swingsters Bounce To Top In B League

The hard hitting Swingsters took over undisputed possession of first place in the B League last week by splitting four points with the improving All Stars while the Wasps by a three-point margin. The Wolves showed the biggest improvement of the week by handing the Cubs a whitewashing while the Rebels held their own in fast competition by whipping ADP by three points. Other action of the week saw the Tigers take three points from Bldg. 9211 and the Has Beens and Rippers battle to a deadlock with two points each to show for their efforts.

Joe Pryson, of the Wolves, set the pace in individual scoring last week marking up a 237 scratch game, high for the first round of play. Pryson also rolled a 252 handicap game, a 583 scratch series, boosted to 628 with handicap. Team scoring found the Wolves at the top of the totem pole with a 873 scratch game, a 2549 scratch series, boosted to 2891 with handicap. The Wasps got into the act with a 1003 handicap game.

League standing follows:

Team	W	L
Swingsters	17	7
Bumpers	16	8
Has Beens	15½	8½
Wolves	15½	8½
Rebels	15	8
Cubs	12	12
Bldg. 9211	11	13
All Stars	11	13
Rippers	9	15
Wasps	9	15
Tigers	8½	15½
ADP	4½	19½

Varsity Women Top K-25 Bowling Team

The Y-12 varsity bowling women went on a rampage last week in the Oak Ridge City League at the Oak Terrace alleys and swept four big points from their opponents, the K-25 lassies. The win moved the Y-12 team into second place in the league, only two games behind the first place Ricker's. The Y-12 record now stands at 17 wins and seven losses.

Ruby O'Kain had one of her better nights at the alleys, rolling a 527 series which included a 192 game, high individual score for the entire night. O'Kain marked up tallies of 168, 167, 192—527; followed by Mavis Koons 154, 135, 171—460; Juanita Pitt 162, 117, 156—435; Betty Whitehorn 135, 113, 168—416; and Dot Park 154, 130, 94—378. Team totals for Y-12 were 773, 662, 781—2216 against 633, 647, 673—1953 for K-25.

Rams Rip Spotters In Mixed Loop Play

Whitewash victories were common last week in the Mixed League as the Rams took over first place with a four-point win over the Spotters while the im-

Orphans Roll Way To D League Lead

The Orphans and Peons continue to battle neck and neck for first place in the D League but the two combinations are getting some keen competition from the improving Sooners who gave the Peons a four-point whitewashing last week. The Orphans continued their fine play by blanking the cellar dwelling Vectors by four tallies. The hustling Split Kids

MORE BOWLERS NEEDED FOR D LEAGUE ACTION

The Y-12 D Bowling League needs several bowlers to round out the teams needed for a successful circuit. The league bowls each Tuesday night, at 6 o'clock, at the Central alleys. Anyone interested in bowling in the D League please call the Recreation Office, North Portal, telephone 7753.

took a three-point win from the Unknowns in the other action of the week.

Clyde Smith, of the Orphans, rolled a 193 scratch game and a 494 scratch series. Sewell Brown, Peons, had a 240 handicap game and Evers, Vectors, chipped in a 623 handicap series. High team scores of the week saw the Orphans post a 766 scratch single and a 2256 scratch series. The newly organized Sooners posted a 982 handicap single and a 2886 handicap series.

League standing follows:

Team	W	L
Orphans	12	4
Peons	10	6
Sooners	9	7
Split Kids	8	8
Unknowns	4	8
Vectors	1	11

proving Cards whipped the pinless Pin Balls, also by a fourtally margin. Three-point triumphs were turned in by the Papi's and Ponies over the Hubs and Wheels, respectively.

The Cards posted a 794 handicap game and a 2291 handicap series, both marks being high for the first half. The Rams rambled to a 1723 scratch series and a 621 scratch game, the former score being high for the first half. Gib Hatmaker, Cards, rolled a 619 handicap series and a 190 scratch game, the handicap score being high for the first half. Hatmaker also rolled a 511 scratch series. Bill Helton, Hubs, had a 234 handicap single. Nita Pitt, Papi's, chalked up a 170 scratch game and a 477 scratch series. Verna Peckman, Cards, tallied a 206 handicap single while Margaret Adcock, Hubs, rolled a 586 handicap series.

League standing follows:

Team	W	L
Rams	10	2
Wheels	9	3
Cards	9	3
Papi's	7	5
Spotters	4	8
Ponies	4	8
Pin Balls	3	9
Hubs	2	10

Six Y-12ers Advance To Flight Finals In All-Carbine Meet

Carl Dorr In Semis Of Company Tourney As Event Nears End

Y-12 golfers were doing all right by themselves in the All-Carbine tee party through last week, with six finalists in the 14 flights and having one man with an excellent chance at victory in the semi-finals of the Championship Flight.

Carl Dorr, Y-12, reached the semi-finals in the big boys' group by beating a teammate, Bill Reynolds, 4-3. He will meet Arky Vaughn, Oak Ridge National Laboratory. In the other bracket Jake Meece, of ORNL, advanced by beating Jake Burchfield, Y-12 and will meet A. Kimball, also of Y-12.

An all-Y-12 finals is a possibility in the First Flight with Frank Burchfield as one of the participants after beating a teammate Art Hines one up. He will meet either Clyde Bowles, of Y-12, or Phil Marleno, K-25, who are slated to play this week.

In the Third Flight Harvey Saylor, Y-12, beat R. B. Nicholson, ORNL, 2-1, and will meet C. E. Larson, ORNL, in the finals.

Frank Kennedy, Y-12, topped Bob Orrison, also of Y-12, one up to reach the Fourth Flight finals and a match against D. S. Billington, ORNL, for the honors.

The Seventh Flight finals will see Don Matlock, Y-12, playing B. Holmburg, ORNL, for the title. Matlock beat F. H. Smiley, K-25, to reach the last round.

In the Eighth Flight Nelson Tibbatts, Y-12, will meet Frank Binford, ORNL, for the crown.

Bill Collins, Y-12, rounds out the list of plant finalists by advancing to the 14th Flight finals with a 3-1 win over E. H. Kobish, ORNL. Collins will play H. Baleur, ORNL, in the finals.

Finals in the All-Carbine tournament are expected to be played over the coming week end.

In the Y-12 Plant Tournament only one flight is to be completed, with John Snyder slated to meet H. D. Duncan in the Second Flight. Bill Morgan took Hobey Thomas by 5-4 in the Fourth Flight finals.

C League Bowling Teams In Hot Race

The three top teams in the C League kept up their winning ways last week as the Glass Arms disposed of the Screw Balls by three points and the Hornest remained tied with the Glass Arms for the top spot by whipping the Can't Hooks by three tallies. The Hooks were hot last week, giving the Uranium Control Junior Varsity a whitewashing, while the Rusty Five continued in third position by defeating the Wash Ups, three points to one.

The Rusty Five hogged the spotlight in team scoring, rolling a 972 scratch game, a 997 handicap game, high handicap score for the first half, going on to roll a 2269 scratch scratch series, boosted to 2864 with handicap. Dyer, Wash Ups, had a good night at the alleys last week, rolling a 213 scratch game, boosted to 247 with handicap and going on to roll a 524 scratch series. David Blessing, Glass Arms, rolled a 638 handicap series.

League standing follows:

Team	W	L
Glass Arms	15	5
Hornets	15	5
Rusty Five	14	6
Screw Balls	8	12
Can't Hooks	8	12
Hooks	8	12
UCJV	7	13
Wash Ups	5	15

Promotions By UCC Of Interest In Ridge

Several Are Well Known To Carbide People Here

Several recent promotions within the Union Carbide and Carbon Corporation organization have been of interest to Oak Ridge employees of Carbide and Carbon Chemicals Company, a division of UCC. Some of the men promoted have had long terms of Company service with the Chemicals Company and were well known to many Carbide people here.

Of particular interest was the announcement by UCC President Morse G. Dial of the promotion of William M. Smart to the position of Assistant Treasurer of the Corporation and the advancement of Garnet F. Brown to Smart's former position of Manager, Plant Accounting, for UCC.

Smart Frequent Ridge Visitor

Smart has been a frequent visitor to Oak Ridge and was the principal speaker, last year, at the dinner meeting of the Knoxville Chapter of the National Association of Cost Accountants. Brown was Office Manager at Oak Ridge from 1943-1945.

Smart began his career with the Corporation in Cleveland, Ohio in 1923 as a National Carbon employee. This beginning was followed by a series of transfers to several of the Corporation's plants and offices and a succession of promotions in the various fields of cost, sales, and general accounting. He was promoted to Manager, Government Project Accounting Division, in 1942 and to Manager, UCC Plant Accounting in 1945.

Brown Formerly Worked At K-25

A chemical man from the start, Brown began his career with UCC in 1928 as Accounting Clerk for Carbide at South Charleston, W. Va. In 1942 he was made Assistant Office Manager and the next year transferred to Oak Ridge. In 1945 he was transferred to New York as Supervisor, Plant Accounting, UCC, and in 1950 was made Assistant Manager, Plant Accounting.

The appointment of Dr. Raymond W. McNamee as Manager of Research Administration of Union Carbide has been announced by Dr. George O. Curme, Jr., Vice-President in charge of Research. Dr. McNamee will help co-ordinate the research activities of all of the Corporation laboratories where basic research and development is being done on alloys, chemicals, gases, carbons, and plastics.

McNamee Won Herty Medal

Dr. McNamee joined the Corporation's chemical research organization at South Charleston in 1933 and, since 1950, has been Superintendent of the Research and Development Department of Carbide and Carbon Chemicals Company. Dr. McNamee, this year's winner of the Herty Medal of the American Chemical So-

W. M. Smart

G. F. Brown

ciety for "outstanding contributions to chemistry in the South-east," has played a prominent part in the industrial research on large-scale production processes for styrene, ethylene oxide, and allethrin.

His successor, Dr. Franklin Johnston, joined Carbide and Carbon Chemicals Company in 1933. In 1938 he was made a research group leader and, in 1951, was appointed Assistant Director of Research for the Company. As Superintendent of Research and Development Department, he will be in charge of the Company's Research Center at South Charleston.

Chitwood Gains Promotion

Coincident with the advancement of Dr. Johnston, was the appointment of Dr. Henry C. Chitwood, former research group leader, to the position of Assistant Director of Research—Organic Chemicals. Dr. Chitwood joined Carbide and Carbon Chemicals Company in 1934 following the receipt of his Ph. D. degree from Johns Hopkins University.

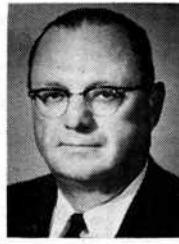

Dr. Curme also has announced the appointment of Dr. Bruce J. Miller as Assistant Manager, Research Administration of Union Carbide. Dr. Miller will coordinate the recruiting of scientists for the Corporation and will assist Dr. McNamee in the personnel aspects of the Corporation's research activities.

Miller In Atomic Work

Dr. Miller, who was chairman of the Department of Chemistry at Bucknell University, joined Union Carbide in 1944. His first assignment was in the Corporation's atomic energy program in an administrative capacity. In 1946 he was assigned to the laboratories of Linde Air Products Company, a Division of Union Carbide, as Personnel Administrator. Dr. Miller has been in charge of the Corporation's research recruiting activities since 1950.

Another UCC

advancement was that of John Wilson Drye, Jr., appointed General Counsel of Union Carbide, according to UCC President Dial. Drye, a partner in the law firm of Kelley, Drye,

J. W. Drye, Jr.

Newhall, and Maginnes of New York, is also a Director of the Corporation. He succeeds Homer A. Holt as General Counsel, Holt having resigned August 31 to return to law practice in Charleston, W. Va. Holt is a former Governor of West Virginia.

Still another Chemicals Company man to be promoted is Dr. James F. Eversole, who has been advanced to the post of Vice

Y-12ers Are Aiming At Another 'First'

Continued from Page 1

the Scarboro Day Care Center. Details of how the Chest funds will be spent in Oak Ridge is shown on page one.

May Give By Cash, Deductions

Contributions to the Chest fund campaign may be made by Y-12ers either by cash, check or payroll deductions. For weekly and hourly paid Y-12ers the deductions may be made for two weeks in checks delivered November 27 and December 4. Monthly paid employees may have their deductions made from pay checks delivered November 25.

The pledge and deduction cards this year will be similar to those used in past campaigns. A card will be prepared for every Y-12er so that all may be given an opportunity to support the Chest campaign. Regardless of whether a Y-12er makes a contribution, it is urged that the card be returned anyhow so that useless return calls need not be made.

Members of the Plant Campaign Committee that met last week with Chairman Hibbs include Nelson Tibbatts, Maintenance and Engineering; Pat Ridge, Laboratory; Leroy Thornton, Alloy; Kyle Reed, Superintendents; C. W. McCollum, Industrial Relations; J. D. Bowers, Manufacturing Office; P. C. Pennington, Atomic Trades and Labor Council; W. S. Herron, Chemical; J. V. Ledbetter, Local No. 3, International Guards Union of America; and Joe L. Williams, Development.

Bagwell To Attend Meeting Of National Safety Council

Lee W. Bagwell, head of the Y-12 Safety Department, will attend the annual National Safety Council Congress and Exposition in Chicago, Ill., October 19-23. More than 12,000 persons from all over the world will hear 600 program participants at 200 sessions discuss all aspects of accident prevention.

Safety personnel in all fields will find new information and techniques aimed at their specific problems. In addition, the American Society of Safety Engineers will sponsor sessions of general interest. The 1953 Exposition of the National Safety Council will feature the largest and most comprehensive display of accident prevention equipment to be seen anywhere.

President in charge of Research for the Bakelite Company, a UCC Division.

Dr. Eversole joined Union Carbide in the research organization of Carbide and Carbon Chemicals Company at Niagara Falls as a research chemist in 1929. Several years

Dr. Eversole

later he was assigned to the laboratories of Linde Air Products Company, a Division of Union Carbide. In 1943 he was appointed Superintendent of Linde's laboratories at Tonawanda, N. Y., a position he held until 1951. At that time he moved to New York to become Manager of Research Administration of Union Carbide and Carbon Corporation, in which capacity he was responsible for coordination of the research activities of all of the Corporation laboratories where basic research and development work is being done on alloys, chemicals, gases,

Dr. Eversole visited Y-12 and other Carbide facilities in Oak Ridge as a member of the UCC Research Committee about two years ago.

HAM CROQUETTES TO BE TASTY ENTREE ON THURSDAY SPECIAL

The tasty main dish on the Thursday Special Lunch at the Y-12 Cafeteria tomorrow, Thursday, October 15, will be ham croquettes with tomato sauce. The popular 50-cent lunch also will include a vegetable, choice of salad or dessert and rolls and butter.

Continued from Page 2

Medical School in Memphis, then returned to Knoxville for the rest of the week... Q. F. Mullins visited two brothers in Hazard, Ky., for a few days during a week's vacation.

Transportation extends sympathy to J. A. Williams, whose mother died on October 5 in Luttrell, Tenn.

One-week vacationers from Building and Grounds are O. L. Evans, W. T. Bryson, R. A. Bolling, T. B. Johnston and R. T. Faulkner. C. D. Wells is vacationing for two weeks.

INDUSTRIAL RELATIONS DIVISION

Ralph Pearson, Recreation and The Bulletin Office, and his family went down to T.P.I., in Cookeville, over the week end to celebrate at the homecoming game against Eastern Kentucky State College—in fact Ralph is celebrating all week—he's vacationing around Manchester and points West.

The Fire Department welcomes E. J. Kendrick to the roster.

Meta Butler, of Wage Standards, and her daughter, Betty Jo, of Insurance and Housing, are vacationing this week down at St. Petersburg, Fla.

Harry Young, Insurance, has returned from a week of vacation spent loafing around home in Rockwood.

Ada Hopkins, of Personnel, and her husband, Clyde, of Uranium Control, are making a trip to Detroit, Mich., this week to visit relatives—then back to Brownsville, Tenn., for a visit with other relatives.

The Cafeteria extends wishes for a speedy recovery to Supt. George McNamee, who was a recent patient in the Oak Ridge Hospital but remains ill at his home in Oak Ridge... Get-well wishes also go to Nancy Gasaway, who is ill at home in Lenoir City.

Capt. P. C. Dabbs, of the Guard Department, has returned from a vacation trip to New Orleans...

D. H. Patterson has returned from a week of vacation... F. L. Roberts and S. H. Kesterson are on this week's vacation list... And G. E. Gilreath is off for two weeks.

The Safety Department extends get-well wishes to Floyd Shook's wife, who remains ill at home after a stay in the Baptist Hospital in Knoxville.

Health Physics extends sympathy to J. P. McMillin, whose father died October 7 in Sadiesville, Ky. Mary Curtis is spending a two-week vacation at Daytona Beach, Fla. Ed Long and his family are spending this week with relatives in Georgia and in Alabama.

ENGINEERING DIVISION

T. C. Swindell spent last week's vacation around home in Norris. The department was sorry to hear about Bill George's recent automobile accident which landed him in a Cleveland, Tenn., hospital for a few days—his co-workers hope he is able to be back to work this week.

Wilma Miller, of Technical Engineering, vacationed last week at home in Martel.

Growing pains are when a kid goes to the movies and has to pay adult prices for the first time.

'Charley's Aunt' Playhouse Opener

"Charley's Aunt," a perennial favorite comedy with theatergoers everywhere, will be presented as the opening offering of the Oak Ridge Community Playhouse Thursday, Friday and Saturday nights of this week. The production will be staged at the auditorium of the Jefferson Junior High School.

One of the important roles in the play will be handled by Robert McWhorter, a Y-12er in the Planning and Estimating Department. Paul Ebert, Playhouse director, will play the title role as the fake aunt from Brazil. Other members of the cast of six men and four women will include Patricia Spiewak and Barbara Manneschildt, wives of Carbide employees in Y-12 Plant Area; Richard Lyon, Charles LeMaster, Margaret Thompson, Wilma Dean Parker, William Hoopes and Herb Stein.

Several other Y-12ers have been active in back-stage work for the initial effort of the amateur thespians for the 1953-1954 season.

The plant average for the week ending October 4 was 2.5 per cent, .1 per cent lower than the preceding week.

Y-12 Varsity Men Blanked By ORNL

The Y-12 men's varsity bowling team hit the skids last week in the Oak Ridge City League when for the first time in many years the laddies dropped all four points to the Oak Ridge National Laboratory keggers. The Y-12ers went into the fray with an outstanding record so far this year but emerged as an also ran. The Y-12 men just didn't have their bowling sights working and ran into a red hot team.

Jack Spears led the Y-12ers with a 535 series, posting game scores of 178, 196 and 161. Spears was followed by Ernie Cobble 189, 186, 138—513; Frank Gragg 163, 162, 154—479; George Schierbaum 144, 155, 165—464; and Roy Roberts 153, 143, 123—419. Game totals saw the Y-12ers with scores of 827, 842, 741—2410 against 888, 851, 823—2562 for ORNL.
